Dress Trimmings

That Are As High Lights to the Costume
Most Modestly Priced

Just as the high lights in a painting accentuate its beauty, just so do the silken swaying fringe, bits of bright broche, tinsel lace and exquisite embroideries complete the perfect costume.

Tunics and bodices, resplendent with sparkling beads need but a wisp of cloth to make a gorgeous costume. Spangled sequins that glisten on backgrounds of net form girdles more alluring than Cleopatra in all her glory could boast of.

And then, to add a touch of color contrast, are floral garnitures—a red, red rose, perhaps, or flowers of paler tone.
